Step 1: Download Piplay Here

Installation Video Here

Tips when you install Piplay:

- please quit anti-virus software while you install Piplay.

- "C" disk is recommended as an installation path.

- do not worry, if you see some Chinese characters, that means you are installing Microsoft Runtime Library, which is necessary.

- allow access

Let me tell you a secret (that you may already know):

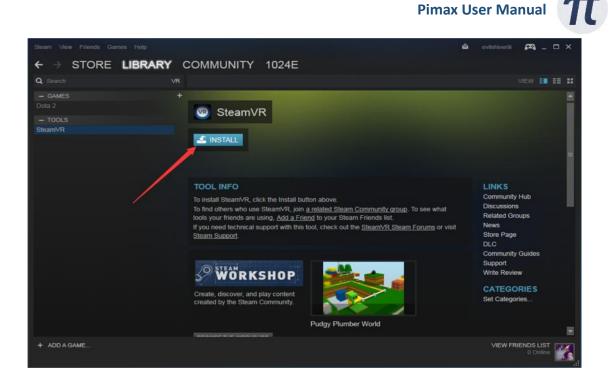

"There are more games on Steam! "

a. Click Run SteamVR

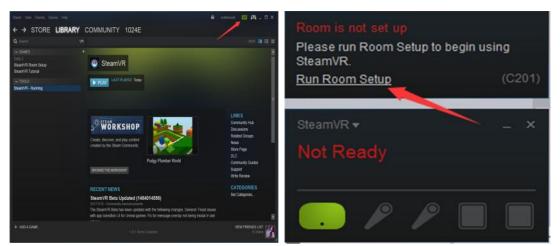

b. Download and install STEAM <u>http://store.steampowered.com/</u>

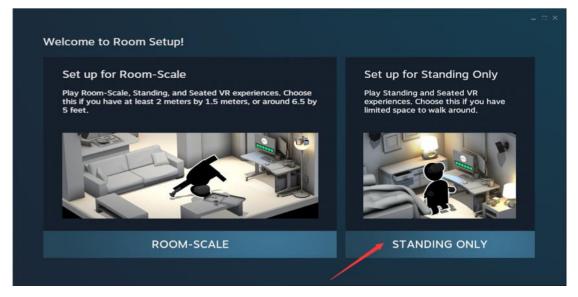

c. Launch SteamVR and Run Room Setup

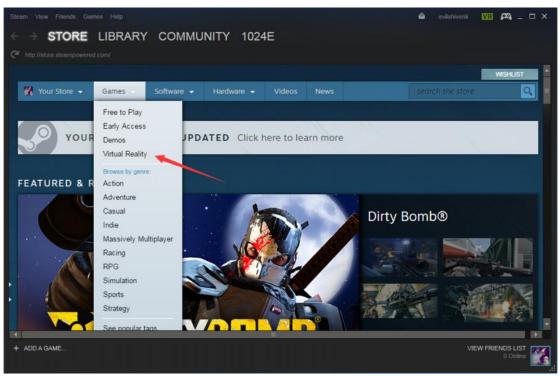

d. Room Setup of SteamVR

Pimax User Manual

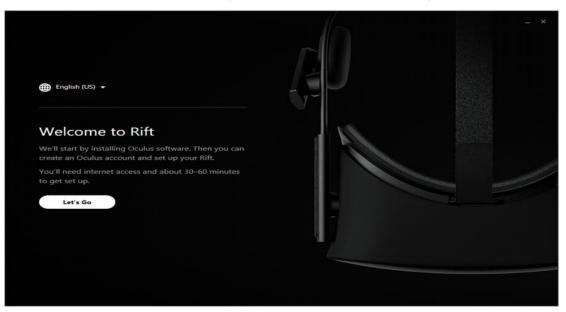

e. Have fun

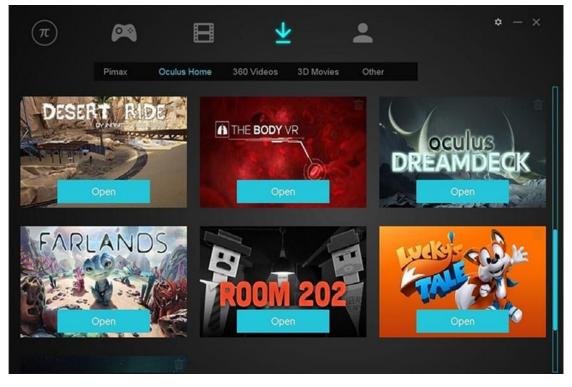

"And more VR content in Oculus!" https://www3.oculus.com/en-us/setup/

Download your favorite games in Oculus Home, which would be recognized automatically by Piplay after you rebooted Piplay or PC.

Notes: You could launch these games through Piplay directly without running Oculus Home. ↓

Have a great time with Pimax headset 🙂
